

`datalogger::startLog`

```
graph LR; A[datalogger::startLog] --> B[datalogger::createHeader];
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text `datalogger::startLog`. The right box is gray with a black border and contains the text `datalogger::createHeader`. A blue arrow points from the right side of the left box to the left side of the right box.

`datalogger::createHeader`
